

UD High Power Universal LED Driver

Systematic installation at up to 200m range for easy maintenance

Specification :

- Ultra smooth Constant Current & Voltage Dimming : 1-100%
- 4 Channels
- Simple installation; 1 driver for multiple LED's dimming control
- Max Power Output : 480W, 4800W for EX version.
- Input Voltage : 12-60V
- Dimensions : L123 x W110 x H37mm
- Weight : 440g
- No minimum load requirement
- High Efficiency up to 96%
- Universal Control Options : DALI / DMX / 0-10V/ Potentiometer / PushButton
- Remote Systematic Installation up to 200M from LEDs
- Ultra High Frequency PMW output to eliminate any visible flickering
- Software Programmable for flexibility and upgrades
- RGBW or Monochrome driving
- CE, IEC6134F & EN6154F Compliant

Dimension : L123 x W110 x H37mm
